INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, presents to subscribers and the general public, this, the latest edition of the Albemarle City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,300 city and suburban Directories).

Confidence in the growth of Albemarle's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the City Directory is a mirror truly reflecting Albemarle to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Albemarle City Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings-a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Albermarle, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult resident of Albemarle, and the name, official personnel, nature and address of each firm and corporation in the community. A special feature of this section is the listing of telephone numbers.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The City Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Albemarle and vicinity.

The Albemarle Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Albemarle City Directory, a Directory Library is maintained in the offices of the Stanly County Chamber Of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

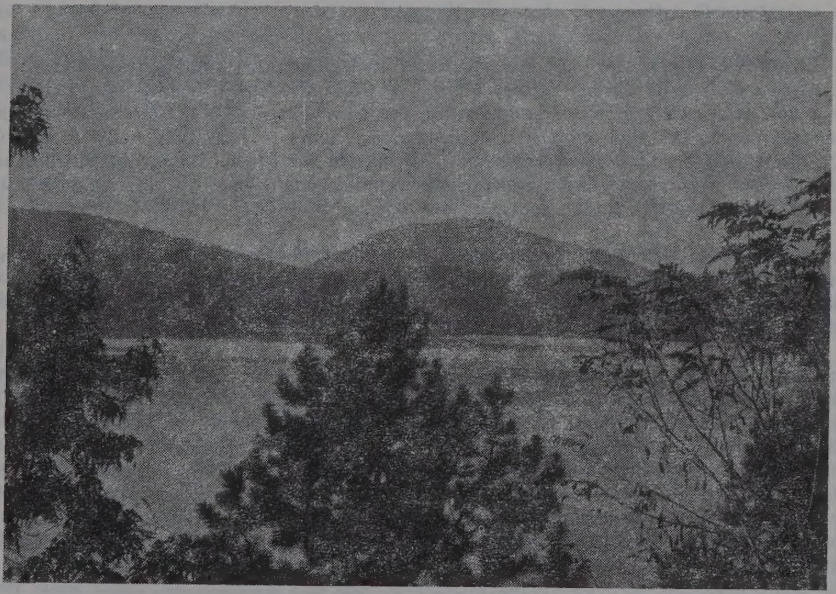
—you can quickly find the answer in the City Directory.

STANLY COUNTY

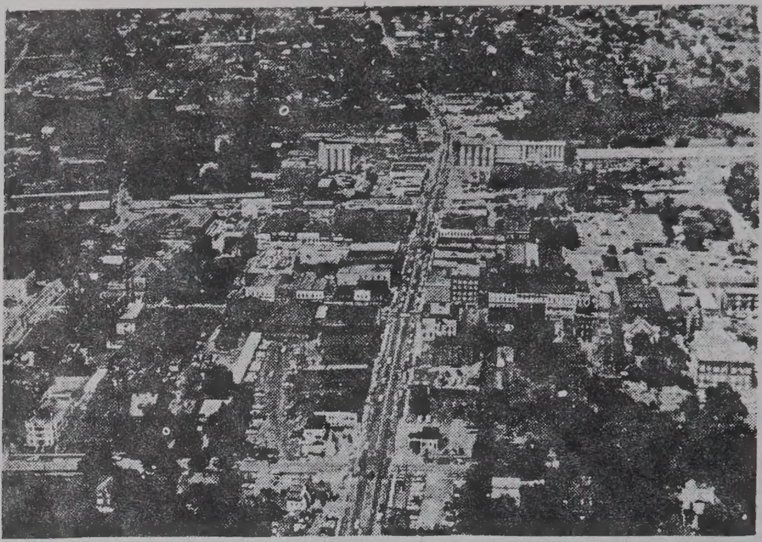
(Courtesy Stanly County Chamber Of Commerce)

Location

Albemarle, the county seat of Stanly County, is located in the south central portion of the State in the gently rolling hills of the ancient Uwharrie Mountain Range of Piedmont, North Carolina. The city is 42 miles northeast of Charlotte, 115 miles southwest of Raleigh, 22 miles east of Concord and 200 miles west of the North Carolina coast. It truly can be described as an area of "accessible isolation," being near large market areas, and yet not hampered by large industrial areas threatening to smother it. There are seven incorporated communities in the county and three unincorporated ones. The former includes Albemarle, Norwood, Locust, Oakboro, Stanfield, Richfield and New London, while the latter includes Aquadale, Badin and Misenheimer.



Morrow Mountain State Park



Aerial View Downtown Albemarle

Climate

The area enjoys a mild, healthful climate throughout the year, with an annual mean temperature of 60 degrees and an average yearly rainfall of 48 inches. The area has a growing season of approximately 200 days and is not subject to violent storms or other unusual weather conditions.

History

In the middle 1700's, the region which today includes Stanly County, was a great rolling, grassy plain with timber mostly along the water courses. This was one of the factors which drew settlers from Pennsylvania and New Jersey. These Dutch, Scotch-Irish and German people left their northern homes for the same reasons they had left the old country; political and religious oppressions. They settled for the most part in the northern part of the area while people with English backgrounds came from Virginia and the Cape Fear River Basin to settle in the southern part.

Originally, all of the Yadkin area belonged to New Hanover County, but subsequent divisions attached the region now known as Stanly County to Montgomery County. In 1841, the General Assembly created Stanly County, using the Yadkin River as a natural boundary line.

The post office for the area in 1826, when it was still a part of Montgomery County, was known as Smith's Store, after George S. Smith, the owner and postmaster. By 1841, quite a crossroads community had developed where the Old Turnpike Road from Fayetteville to Salisbury crossed the Old Stage Road connecting Charlotte and Raleigh. It was then that the post office was officially changed to Albemarle. The name was for the first county created wholly in this state in 1663. The county, Albemarle, was named after George Monk, Duke of Albermarle. It was on February 2, 1857, however, that Albemarle was incorporated. The first courthouse was built in 1842 and remained in use for nearly 50 years.

At one time, river traffic came up the Yadkin River to within ten miles of Albemarle, but this has long since given way to the harnessing of the river for electricity.

I. W. SNUGGS HOUSE

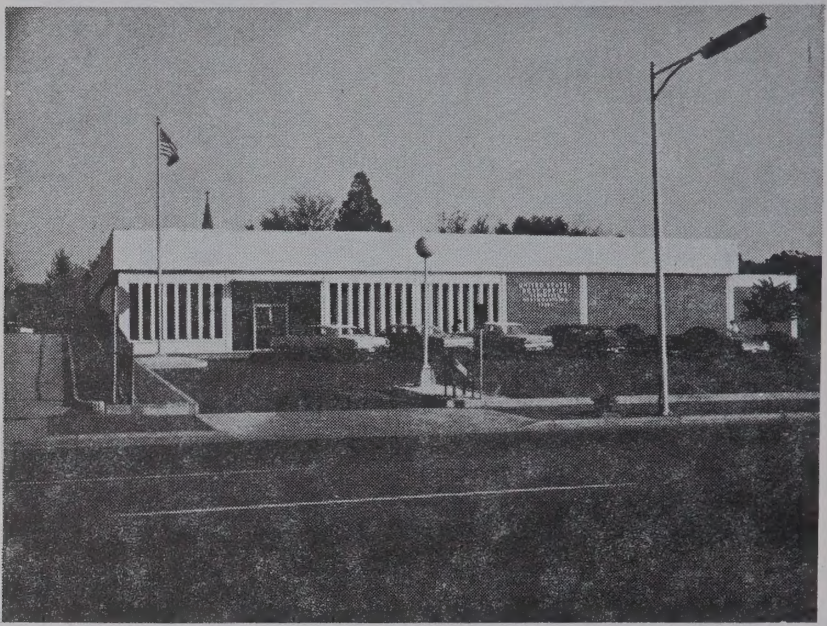
I. W. Snuggs House, located at 112 North Third Street, Albemarle, North Carolina. This handsome post-Civil War town residence was completed in 1874 by a prominent county official and was used as his residence and was also used to house prisoners who for various reasons could not be kept in the local jail. This house is now owned by the Stanly County-Albemarle Historic Properties Commission and is leased to the Stanly County-Albemarle Historic Museum Association. It contains offices for the Historic Properties Commission and the Bicentennial Steering Committee; an historical museum is currently being developed.

There was a gold rush in the county during the 1860's, and at one time, there were four mines in operation here. Even today, people come to the mine sites hoping to find relaxation and perhaps something of value.

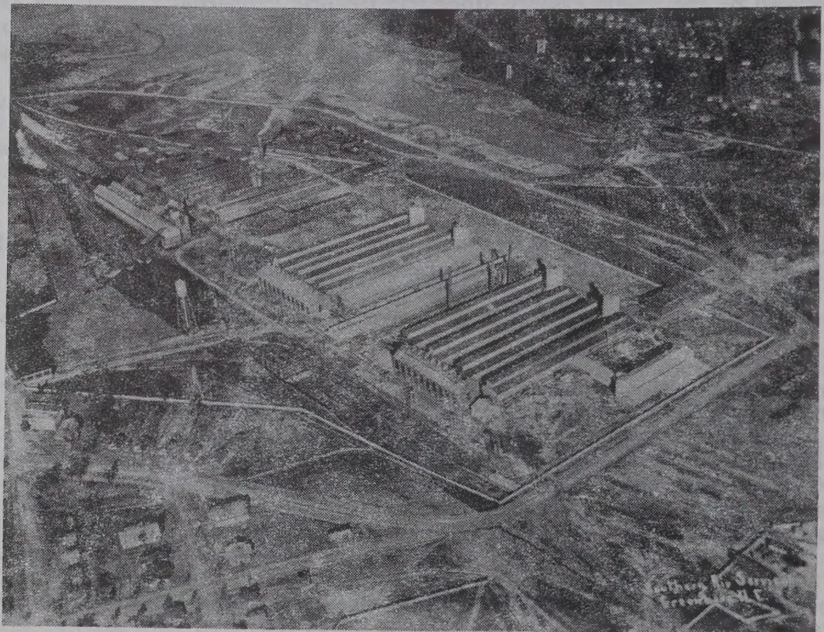
It was around the turn of the century that Albemarle seemed to blossom forth. The county's first textile plant, the Efird Manufacturing Company, was organized in Albermarle in 1896. It was followed in 1899 by the Wiscassett Mills Company which was formed by the late J. W. Cannon. The first passenger train appeared in the county around 1897.

In 1901, gold caused George I. Whitney to attempt to dam the Yadkin River. He dreamed of gold and an empire created by electric power from the falling waters of the river, but after the expenditure of several million dollars, his dream faded. The dam that bore his name was abandoned, unfinished. The brawling boom-town became a ghost town in 1907. But then a French aluminum reduction company bought up the Whitney holdings and began construction of the Narrows dam and power house. The town site of Badin was laid out, but then World War I started and caused the Frenchmen to return home. In 1915, the Aluminum Company of America bought the holdings and the boom began again. Ever since then, the company has used electricity generated from its dams along the river to smelt aluminum at its Badin Works. The company completed a $41 million renovation program there in 1964.

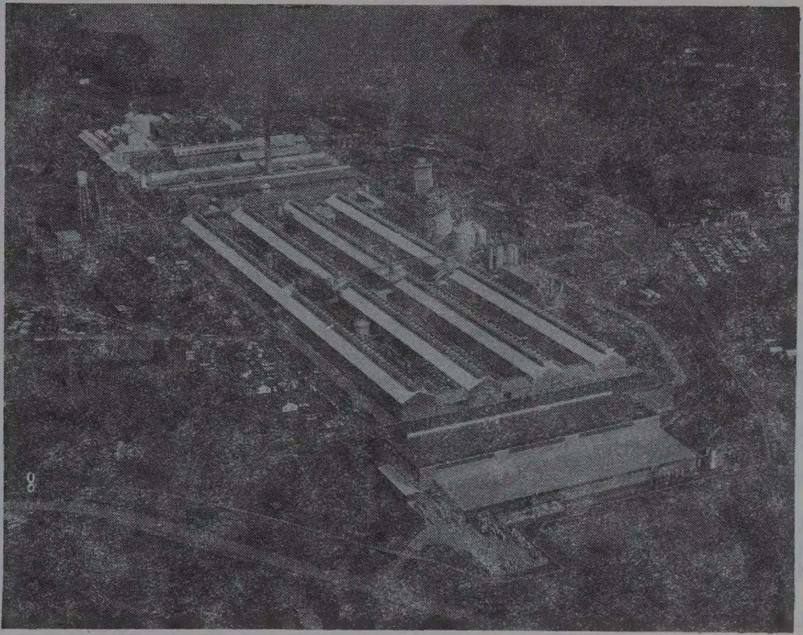
Plans are now underway for a $10 million addition to the Alcoa Plant, which will make possible the production of heavy gauge sheet aluminum in addition to the pig aluminum now being produced.



Post Office



Badin Works - 1930 - shows potlines (center) facing the Reservoir.



Badin Works - 1972 - Potline alignments were changed from their original East-West direction to the present position running North-South.

People

Albemarle and Stanly County have had a steady rise in population during the past twenty years. This has been due to its strategic location, fertile soils and to its citizens who are its greatest asset. The people are cordial and friendly to newcomers, who become an integral part of civic, religious and cultural life of the city. This community spirit of cooperation is reflected in the growth and progress of the past two decades.

	1940	1950	1960	1970
Albemarle	4,060	11,798	12,261	11,126
Norwood	1,515	1,735	1,844	1,896
Stanly County	32,834	37,130	40,873	42,822

Agriculture

Though on the edge of the industrial Piedmont Crescent, Stanly County is a major agricultural county. Farming is a $35,000,000-per-year industry. There are some 923 farms in the county and they average 127 acres each, with a majority being owner-operated. Poultry, commercial eggs, beef cattle, dairying, soybeans, corn, milo, wheat and small grains are the main agricultural enterprises in the county. Stanly leads the entire state of North Carolina in the production of commercial eggs. There are 28,000 acres of improved permanent pastures in the county.

Industry

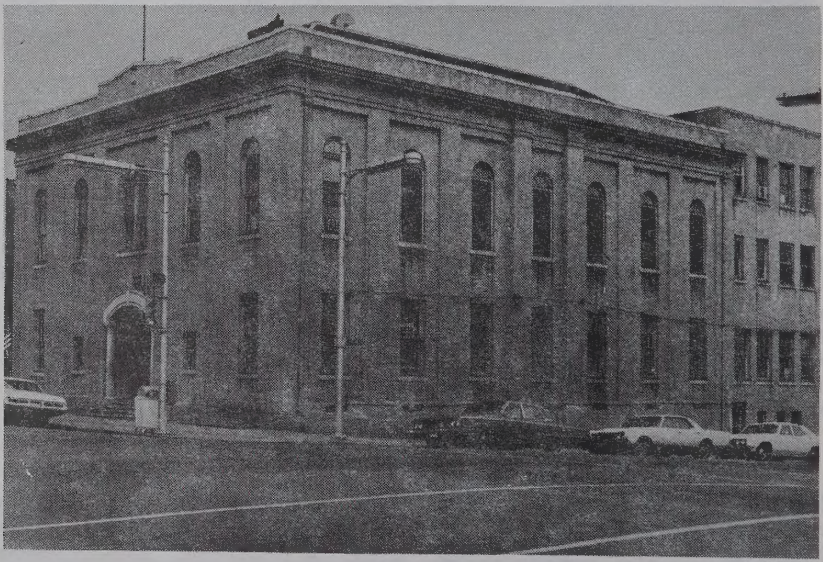
Proof of Stanly County's desirability as a good place to live and work has been the expansion of many existing industries and the arrival of a number of new firms seeking southern locations.

Though textile-oriented through the years, Stanly County's industrial complexion is gradually changing as more diversified operations come into the area. Included in the county's industrial family are:

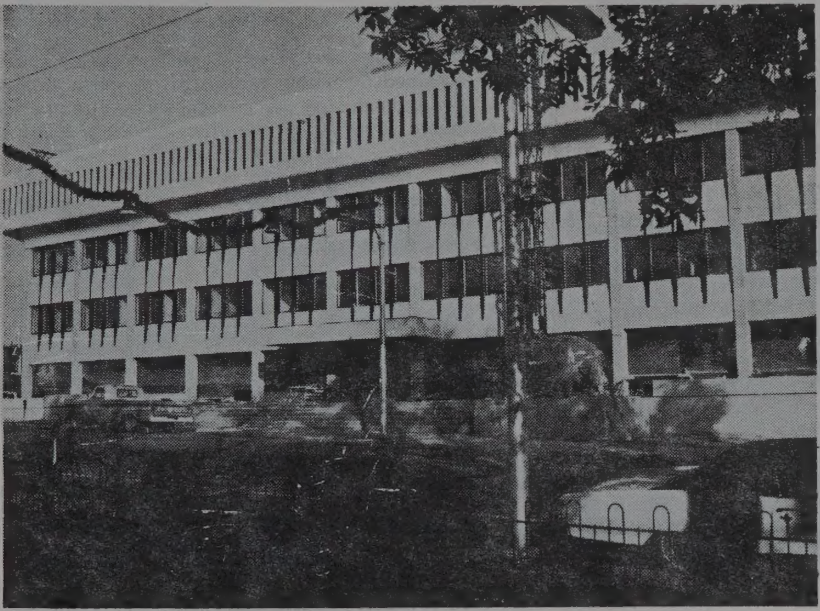
Almond Bros. Poultry Co. (Albemarle)-poultry processing.
Aluminum Company of America (Badin)-primary aluminum.
Albemarle Spinning (Albemarle)-cotton and synthetic yarns.
Aeroquip Corporation (Norwood)-hydraulic hose.
Cargill, Inc.-egg processing.
Cassie Cotillion Corporation (Norwood)-children's lingerie.
Collins & Aikman Corp. (Norwood)-synthetic yarns; (Albemarle)-auto carpeting-fabrics.
E. J. Snyder & Co. (Albemarle)-textile dyeing and finishing.
Federal Pacific Electric Co. (Albemarle)-circuit breakers.
Allison Manufacturing Co. (Albemarle)-boys' screen printed tee-shirts.
Allison Manufacturing Co. (Stanfield)-cut and sew knit garments.
Jefferies Southern Processors, Inc.(Albemarle)-textile dyeing and finishing.
Knitster Inc. (Albemarle)-apparel.
Homes by Fisher, Inc (Richfield)-Mobile Home Manufacturing.
Metal Forge Company-fabricated metal parts & components.
Richfield Manufacturing Co. (Richfield)-bedspreads.
Stanly Fixtures Mfg. Co. (Aquadale)-store display fixtures.
Stanly Knitting Mills (Oakboro)-ladies' hosiery.
Wiscassett Mills Co. (Albemarle)-cotton yarn, ladies' hosiery.
Young Manufacturing Co. (Norwood)-bedroom and dining room furniture.

Other plants produce a variety of products, including upholstered furniture, brick, clay and light weight aggregate products, flour and feed, electrical components, printed materials, wood and metal products, church furniture, etc.

Flame Refractories, Inc. in Stanly County makes fabricated boilers, parts and rebuilt furnaces.



Old Court House



Court House

Second courthouse for Stanly County. Built in 1893 on the northeast corner of the square, it replaced the wooden building erected in 1843 in the middle of what is now the square in the town of Albemarle and moved to the northwest corner of the same square in 1868. An extensive remodeling in 1926-1927 destroyed all of its Victorian charm; therefore, when a new courthouse was completed in 1972, this building was declared structurally unsound and of no historical or architectural value and was demolished in 1974.

Commerce

Albemarle is the county's principal retail center and its stores offer the shopper a wide variety of reasonably priced merchandise to suit every taste and budget.

Five banks contribute to the county's healthy financial climate. They are the Cabarrus Bank & Trust Company, the First National Bank, the Piedmont Bank & Trust Company, the Security Bank & Trust Company and First Citizens Bank & Trust Company.

In addition, two progressive savings and loan institutions have assisted a large percentage of the county's population to own their own homes. They are the Home Savings & Loan Association and the North Carolina Federal Savings & Loan Association.

Government

Stanly County is governed by five commissioners who are elected for four-year terms. In 1962, the City of Albemarle adopted the Council-Manager form of government. Thus it is governed by a mayor and five aldermen and is administered by a city manager. Each of the other cities in the county is governed by a mayor and aldermen. In keeping with its early heritage, the county has traditionally been governed by the two-party system.

The city and county have modern fire and police protection, which is maintained at a high level of efficiency. Each city and town has its own fire department and every other section of the county is governed by volunteer fire departments.

Utilities

The City of Albemarle supplies water, sewage and electrical services to all parts of the city and some outside areas. Water is obtained from the Yadkin River and is processed through the filter plant which has a 12-million-gallons per day capacity. The municipal sewage disposal system is modern and has a capacity of 16-million-gallons per day to meet the growing needs of the community.

The Duke Power Company supplies much of the county with electricity, while natural gas is supplied by North Carolina Natural Gas Company. Telephone service in the county is by the Concord Telephone Company, the North Carolina Telephone Company and Southern Bell Telephone & Telegraph Company.

Transportation

Highways: Albemarle is served by U. S. 52, which is now in the process of being four-laned North of Albemarle, and North Carolina 24, 27, 73 and 740, connecting it with other cities in all directions. Other highways crossing the county are N. C. 49, 200 and 205.

Railroads: Albemarle and Stanly County are served by the Winston-Salem Southbound Railroad, the Carolina and Northwestern Railway Company and the Norfolk and Southern Railroad. The former is jointly owned by the Norfolk and Western and the Seaboard Coast Line Railroads, connecting with the N&W at Winston-Salem and the Norfolk & Southern at Norwood. The C&NW is a subsidiary of the Southern Railway Company and connects with the Southern's main line in Salisbury, thirty miles away.

The nearest commercial airport is located at Charlotte, N. C. The new Stanly County Airport provdes executive and charter service and is now in the process of construction of a terminal building. The runway is 3,900 feet long and 75 feet wide, paved, lighted and navigational, and safety aids have been installed to insure more safety.

Other: Three bus companies and seven trucking companies serve the area on a daily schedule basis.

Health Facilities

The Stanly County Hospital was oened in 1950, and with the completion later of two additions, it now has a capacity of 134 beds. The hospital operates its own blood bank under the direction of the pathologist and blood bank specialists, X-ray therapy is also provided.

There are more than 20 practicing physicians in Stanly County, and some specialize in such fields as Internal Medicine, Surgery, Obstetrics and Gynecology, Ophthalmology, Pediatrics, Pathology, Radiology, Orthopedic Surgeon and Urology. Some nine dentists maintain practices in the county.

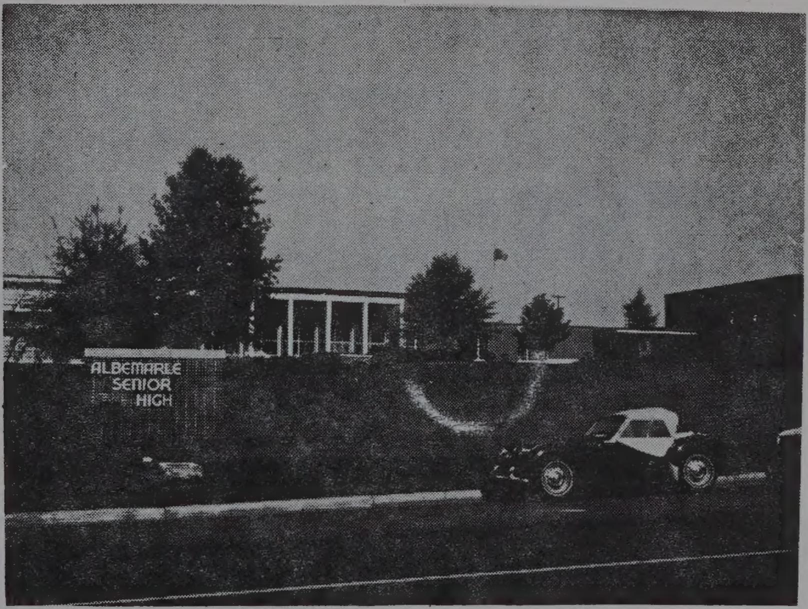
The Stanly County Health Center contains modern, up-to-date clinical equipment and is staffed by a medical doctor and registered nurses. In addition, the county has a Mental Health Clinic with part-time staffing from the University of North Carolina at Chapel Hill.

The new $11.5 million Stanly County Hospital is now under construction. Plans call for a large emergency area, expanded laboratory facilities, modern operating and obstetrics rooms and a total of 130 beds, all in private rooms.

Education

Every normal educational need, from elementary school through college, can be met in Stanly County. The Albemarle City School System consists of one senior high school and has just dedicated a new stadium totaling $770,170, one junior high school and five elementary schools. The Stanly County School System has twelve elementary schools and three high schools.

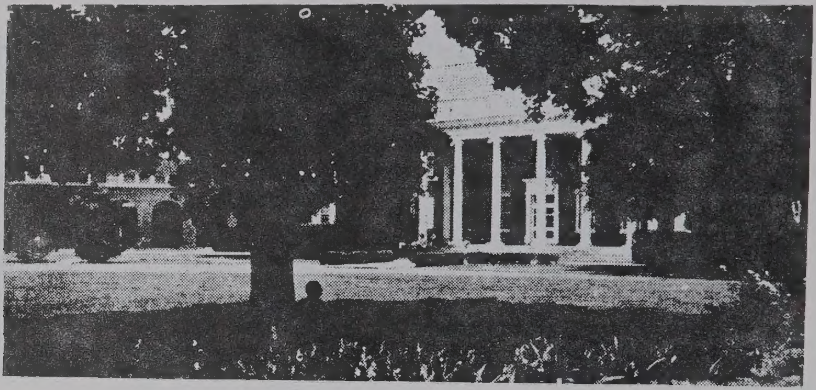
Stanly County Hospital



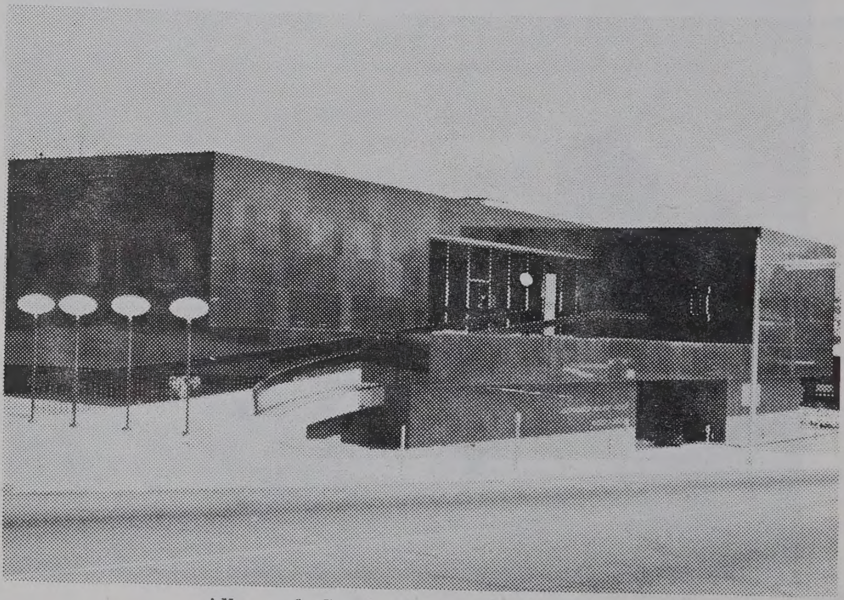
Albemarle Senior High School

In both the City and County systems, provisions have been made for special education classes for the educable and trainable mentally retarded students.

Pfeiffer College, a four-year co-educational accredited liberal arts school, is located eleven miles north of Albemarle at Misenheimer. This institution has nearly 1,100 students and offers twenty different majors, plus a two-year secretarial science program. Students may work for either a bachelor of arts or a bachelor of science degree. A ratio of approximately one professor for each twelve students helps to insure many small lecture classes of twenty to twenty-five students, while science labs are limited to twenty-four students.



Peiffer College Scene



Albemarle-Stanly County Public Library

Library

The Stanly County Public Library, containing over 50,000 volumes, is supported jointly by the City of Albermarle and by Stanly County. The main library is located in Albemarle and has branches in Badin, Norwood and the South Albemarle community. Its bookmobile serves the remainder of the county.

Churches

Down through the years, religious faith has played an important role in the life of Albemarle and Stanly County people. Church membership is high in the more than 100 churches representing the Baptist, Catholic, Episcopal, Methodist, Lutheran, Presbyterian and other denominations.

Cultural Activities

The people of Albemarle and Stanly County are quick to take advantage of the many cultural opportunities afforded them throughout the year. The Community Concert Association presents a fine series of programs each year. Concerts, drama and art programs at nearby Pfeiffer College are open to the public and are well attended. A number of art classes have been started and interest in them is high. Each spring, local artists display their work at the Stanly Art Show.

As Charlotte is only one hour's drive away, citizens of this county can take advantage of the many activities of the Charlotte Auditorium and Coliseum.

News Media

The Stanly News & Press, published semi-weekly, has an average circulation of 11,500. This is the largest per capita circulation of any semi-weekly paper in the South. Nearby daily papers with morning and afternoon editions are delivered in the area by carrier.

Albemarle is served locally by Radio Stations WABZ and WZKY. Four television channels are received without the need of an outside antenna.

Eating and Lodging: Modern motel, hotel and eating facilities are located in and around Albemarle.

Recreation

Stanly County is gaining additional recognition each year as the "Playground of the Lower Piedmont", for it is truly an ideal location for recreation. Five miles east of Albemarle is the 4,500-acre Morrow Mountain State Park, where one can enjoy fishing, boating, swimming, picnicking, hiking, camping, etc. Near the park are two other large Yadkin River lakes, which are available for fishing, water skiing and boating, as well as summer homes.

Game is in abundance for the hunter in Stanly County and adjoining Montgomery County. Deer, quail and duck are especially good.

The Stanly County Country Club at Badin has a beautiful, well-maintained 18-hole course, new tennis courts and a new swimming pool and a most attractive clubhouse. The Piney Point Golf Club at Norwood has an 18-hole championship course, swimming pool and modern clubhouse.

A full-time parks and recreation director is employed by the City of Albemarle to plan and implement its excellent, year-round program for all ages. There are seven City parks, including four small neighborhood parks and three major ones. Rock Creek Park has a swimming pool, lighted tennis courts, lighted ball field, rifle range and picnic facilities. At the South Albemarle Park, there is a swimming pool, multi-purpose play area, lighted ball field, picnic area and tennis courts.

Carolina Avenue Park has 6 tennis courts (all-weather) paddle tennis, basketball, volleyball, baseball and softball fields, all lighted, and picnic areas.

In the town of Oakboro, the Town and the Oakboro Junior Chamber Of Commerce have jointly developed a park, complete with tennis court, picnicking facilities, swings and other playgrounds equipment and a jet airplane.

1) Rock Creek Park

2) South Albermarle Park

Carolina Avenue Park

Residential Scene

The Wiscassett Memorial Y.M.C.A., whichwas constructed in 1950, is one of the most beautiful and best-equipped buildings of its type. It has thirteen paid staff members working in a well-planned and well-supervised program of recreation for all ages. A modern indoor swimming pool was completed in 1963.

Football, basketball and baseball are enjoyed locally by the young and old. The high schools in the county and Pfeiffer College offer many opportunities for the fans. Southern Conference and Atlantic Coast Conference sporting events are only a few hours' drive away.

Organizations

Civic participation is perhaps most responsible for the continuous growth and progress of the area. The civic clubs and other organizations actively sponsor many worthwhile projects for the good of the whole community.

Many man are active in such organizations as Jaycees, Rotary, Lions, Optimist, Civitan, investment groups, etc. The women of the community participate in approximately twenty garden clubs, the Woman's Club, the Junior Woman's Club and other organizations.

Activities for the youth include Boy and Girl Scouts, Hi-Y and Tri-Hi-Y, as well as organized athletics.

Homes

Homes in Albemarle and Stanly County show pride of ownership and reflect the homelike, wholesome atmosphere of the area. There are some beautiful older residences, as well as new developments, apartments and rental property.

In the past, Albemarle has experienced some difficulty in keeping up with the demand for housing, but increased home building has resulted in new developments and wide variety of price ranges, all carefully planned to meet the needs of the growing population. Even those developments farthest from the downtown section require only a five to ten-mnute drive to work, school or church.

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

CASHIERS! TELLERS!
CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

IF IT HAS ANYTHING TO DO WITH LIFE INSURANCE

AN INTERNATIONAL INCIDENT HAS JUST OCCURRED IN YOUR NEIGHBORHOOD.

Because We've Joined Realty World.

Realty World is an international organization of independent real estate offices all over North America.

As the **Realty World** office in your neighborhood, we can help you sell or buy a home across the street, or across the continent.

We were selected for membership in **Realty World** because of our expertise and experience in serving your area. Now, we will have the benefit of **Realty World** television advertising, the most powerful tool available to bring buyers and sellers together, and unequaled training programs to make sure our service is second to none!

Please give us a call, or stop in and visit. Help us celebrate an international incident, that will benefit you right in your own back yard.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

USE YOUR ALPHABETICAL DIRECTORY FOR.......

— *Efficiency...* IN EVERYDAY BUSINESS TRANSACTIONS

Accurate names and titles for correspondence
Complete Mailing Addresses including apartment numbers
Identifies signer of letters, statements or checks
Changes in employment, address, etc. for up-dating files
Accurate corporation and company names and principal officers
Identifies payments on accounts with same or similar names

— *Investigations* ... SAVES TIME AND CUTS COSTS

Identifies individuals, applicants, etc.
Verifies employment
Shows wife's name and employment
Locates references and relatives
Homeowners identified
Shows information about people without telephones
Indicates "double-income" families

— *Cashing Checks...* PROTECTS AGAINST BAD CHECKS

Identifies the stranger
Verifies address, occupation, employment
Reveals possible false statements
Provides information for "test" questions

— *Collections...* RECOVERS $$$ FROM UNPAID ACCOUNTS

Traces "skips," shows where now living
Indicates job "skip" now has and where employed
Locates relatives of "skip" shows their address and employment
Locates former business associates, friends and others who knew "skip"

— *Try This...* (OLD N.G.'s, DELINQUENTS AND "RETURNED AS UNCOLLECTABLE")

Look up the names in your newly delivered city directory. Changes of address may be found. Check for employment. New employer may provide a contact. This should be a standard procedure as soon as you receive your copy of the new city directory.

— *Sales...* A POWERFUL SALES TOOL

Where Employed?
Indicates earning potential, buying ability
Opportunities
Identifies business interests
Indicates buying power of neighborhood
Business Owner? Officer?
Who's who in your community?
Identifies business associates, additional prospects, leads
Business Firm? Corporation?
Principal Officers, owner, partners, manager, director
Shows location of branch offices
Type of business or services

Householders
Indicates heads of families, roomers, other adults in family
Shows students 18 yrs., or over, members of armed forces, retirees
Married? Single?
Shows wife's name, middle initial
Identifies single adults,

Are Both Husband And Wife Employed?
Identifies double-income families
Shows when evening call is required
Permits detailed qualification and selection of prospects

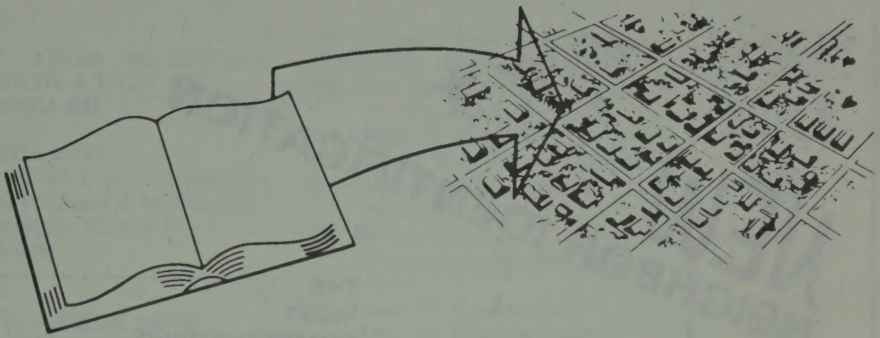
nearest telephone
government offices showing department and telephone number

USE YOUR STREET DIRECTORY FOR ...



— The Most Comprehensive List of Occupants By Addresses

- BY NEIGHBORHOOD, AREA, SECTION OF CITY
- BY NEW "MOVE INS" ON EACH STREET
- BY PROPERTY OWNERSHIP
- APARTMENT OR OFFICE BUILDING OCCUPANTS
- ZIP CODES

— Neighbors Of Your Present Customers...

Identifies friends, neighbors of present customers
Permits mail, telephone or personal contact of prospects
Identifies home businesses or professions
Identifies prospects not in telephone book
Identifies householders
Reveals new families in your area
Shows renters on each street

— Identification - Collections - "Skip" Tracing

Verifies home ownership and other information concerning applicants
Lists all occupants of apartment and office buildings
Shows telephones of neighbors of "skip" for obtaining new address or information
Shows nearby businesses who may know applicant or "skip"

— Deliveries And Service Calls... AVOID DELAYS -- SAVE TIME AND DOLLARS

Verifies addresses
Locates nonexistent or illegibly written house numbers and streets
Shows location of intersecting streets
Shows apartment numbers and occupants of each apartment
Permits verification of telephone orders and defeats "prank" calls

— Emergency Use... CLOSEST NEIGHBOR...NEAREST PHONE

Especially helpful to law enforcement agencies, public service organizations, members of the medical profession, schools, hospitals and others where immediate contact is frequently necessary to save lives, prevent crime, apprehend criminals and in many other emergency situations.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

A STATEMENT

of

ADVERTISING PRINCIPLES

1. GOOD ADVERTISING—aims to inform the consumer and help him to buy more intelligently.

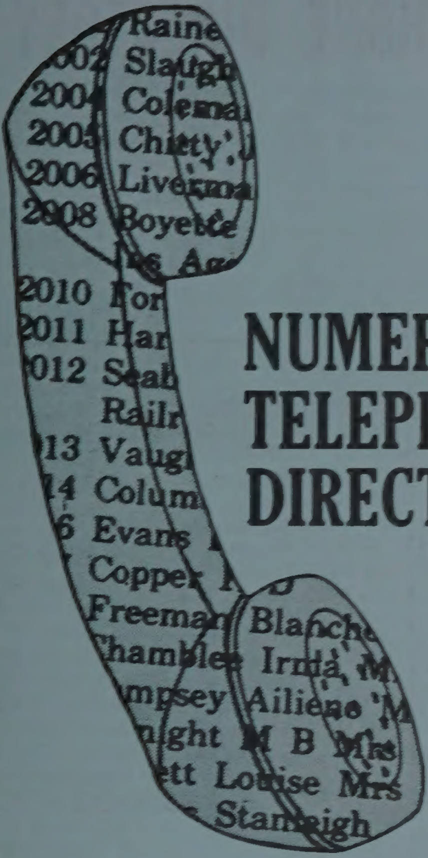
2. GOOD ADVERTISING—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. GOOD ADVERTISING—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. GOOD ADVERTISING—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(YOUR DIRECTORY PUBLISHERS FULLY SUBSCRIBE TO THE PRINCIPLES SET FORTH IN THIS STATEMENT)



NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

HILL DIRECTORY COMPANY
PUBLISHERS

4

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numercial sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1. An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2. A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3. A *Classified Business Directory* —listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4. A *"Yellow Section"* or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5. A *Statistical and Historical Story* of your city; plus miscellaneous other information.
